

Villa Carlotta Travel COVID Vaccination Policy

In accordance with Villa Carlotta Travel's duty to provide and maintain a workplace that is free of known hazards, we have adopted this COVID-19 Vaccination policy to help safeguard the health of our employees, suppliers and passengers, and the community at large from infectious diseases, such as COVID-19 or influenza, that may be reduced by vaccinations.

All customers and our staff are required to be or have received both vaccinations by December 31st 2021 to undertake a Villa Carlotta tour. Proof of COVID-19 vaccination status will be required prior to departure on each tour, and may be required to access some venues during the tour.

Where a person is not in compliance with this policy, the person will not be permitted to undertake the tour. In such circumstances Villa Carlotta will provide a refund in accordance with the cancellation policy.

This policy is subject to government guidelines and advice, and as such may change from time to time.
